

# Today Is The Day!

Here and now. This is where it all begins.  
And here and now, we're gonna take the world by storm!  
Here, here we come! Life is just an open book.  
So, here, here we are! Nothing can stop us now!

Travellin' down the open road!  
Takin' the world as it comes to us!  
Following paths that we blaze as we go!  
This time is ours!  
Today is the day!

Here and now. This is what we've waited for.  
And here and now. We're gonna take a giant step!  
Here, here we come! Ready to begin our journey.  
Here, here we are! Nothing can stop us now!

Chorus (2 times)

Today is the day!  
Today is the day!  
Today is the day!  
Today is the day!  
Today!  
Today is the day!  
Now!
