

## Reindeer Shouldn't Waltz

Reindeer shouldn't waltz.  
They just can't its not their fault.  
Yes, we know they can fly, but on the dance floor, "Oh My!"  
They really should not even try.

They go waltzing around.  
With their hooves on the ground.  
Oh, they're trying to glide.  
But instead they collide.

Reindeer shouldn't dance.  
Don't know why, but they just can't.  
Oh we've all seen them fly, but on the dance floor, "Oh My!"  
They really are taking a chance!

They go waltzing around.  
With their hooves on the ground.  
Oh, they're trying to glide.  
But instead they collide.

Reindeer shouldn't waltz.  
They just can't its not their fault.  
Yes, we know they can fly, but on the dance floor, "Oh My!"  
They really should not try.  
Oh yes, we know they can fly, but they just really should not waltz!
