

Ode To Beethoven

Sing, oh sing a joyful song, an ode to joy that we adore.
Everlasting through the ages, here it and your heart will sore.
Gracefully the melody states a classical theme that will endure.
Sing, oh sing a joyful song, an ode to joy forevermore.

In the night, moonlit night, romance will abound.
In the night, fantasy, in the sound, that speaks of love profound.

We'll take the fifth, Beethoven's Fifth.
We'll take the fifth, (we'll take the fifth), we'll take the fifth.
Beethoven's Fifth, (Beethoven's Fifth), Beethoven's Fifth.
With dignity (and energy) complexity (and artistry) The famous symphony!
We'll take the Fifth, Beethoven's Fifth.

Sing, oh sing a joyful song, an ode to joy that we adore.
Everlasting through the ages, here it and your heart will sore.
Sing oh sing for evermore!
